

# Neighbors for Knowledge Update

Many of you will remember our “Neighbors for Knowledge” program. It is essentially a resource for teachers and other educational professionals in our District to identify and contact volunteers from within our community who are interested in serving a variety of career-related program needs. We know that many of you either have worked, or continue to work in careers that would be of interest to our students. We would love for you to share your very valuable experiences in a variety of ways.

Please complete the form below if you feel you or your place of business can provide any of the services listed. ***Please note that information will not be published showing your phone numbers, e-mail, business or home addresses.*** All contacts will be made through the School-to-Career office. Please call or e-mail me with any questions.

Name (last): \_\_\_\_\_ (first): \_\_\_\_\_ (title): \_\_\_\_\_
