Climbing the Educational Ladder

With an aura of success in the air, graduates marched onto the James T. Brennan Memorial Field for what marked their final step in the Harborfields education ladder. Families, friends, teachers, administrators, staff and the Board of Education gathered on June 26th to honor the graduating class of 2010 during their special commencement ceremony.

Appreciation for their education, their families, and their peers was a common theme throughout each of the speeches. With his head held high, Valedictorian Elliot Feld said, "We owe those who run Harborfields a great deal of thanks; we truly appreciate everything you've done for us and as students, we have much to be proud of." Salutatorian Christopher Price echoed the sentiments. "This educational process was not about any piece of paper ... but about obtaining an education that can change the world... The Class of 2010 title is an ever-present reminder that Harborfields has given us an understanding of life in a global society."

In his closing remarks to students, Principal Dr. David Bennardo reflected on the four years he and fellow administrators have spent getting to know the class. "I wasn't supposed to stare at a blank legal pad for two weeks, but I couldn't find the words to describe how much you mean to us," he recounted. "For the past four years, you've inspired us ... our lives and hearts have been intertwined forever."

The Harborfields Central School District Board of Education and administration are pleased to announce the launch of a new district website. The newly redesigned site launched this summer and includes many new features and easier navigation for parents. Please visit the district website at www.harborfieldscsd.net for all district information and to see the new site.

Harborfields Raises \$13K for Make-A-Wish

Nearly 1,000 people braved an unseasonably cool and rainy morning to participate in Washington Drive Primary School's Walk for a Wish annual walkathon. The event raised a record \$13,000 toward making a wish for a sick child come true. The walkathon, sponsored jointly by the Washington Drive Acts of Kindness Committee and the PTA, was the culminating event in a two-month-long effort to raise money for the Suffolk County Chapter of the Make-A-Wish Foundation. The Foundation, which raises money to grant wishes for children with life-threatening illnesses, will donate the money to at least two deserving youngsters.

The walkathon began with a group Pledge of Allegiance, followed by a rendition of the National Anthem performed by the High School Tri M Music Honor Society. Children, along with their parents, teachers, and representatives from Harborfields school groups, walked around the track for one hour. Among the groups represented were the varsity and junior varsity high school lacrosse teams, the boys and girls middle school lacrosse teams, and the varsity and junior varsity girls softball and boys baseball teams.

Many of the children who attended the walkathon raised money for the effort in a number of creative ways, including donating their weekly allowances. One student from Washington Drive Primary School raised money through a garage sale, while another asked friends and family to donate to the effort instead of giving him birthday gifts this year. Thank you to the entire community for their generosity.

Learning Their Way Through the Jungle

Kindergarten students in Ms. Divers's class at Washington Drive Primary School have taken their curriculum and learning to a whole new level. Students enhanced their science, literature and arts lessons by creating a replica rainforest in the classroom. With the help of the teacher and teacher aides, kindergartners made mini-trees, ponds, animal cutouts, and vines, and even brought in some of their own stuffed animals to enhance the forest. In small groups each day, students spent time in the rainforest to examine the foliage, count ladybugs, and care for or read to one of the animals. The activity engaged students by addressing each of the kindergarten standards of learning, including the visual arts, career development, and English Language Arts.

Ms. Divers and her kindergarten students proudly stand in front of their replica rainforest.

These students are playing scientist and using their magnifying glasses to find ladybugs hidden throughout the forest.

TJL Students Assist a Special Soldier Overseas

Fourth-grade students in Ms. Jennifer Thompson's class at Thomas J. Lahey Elementary School spent the month of May learning about the American Revolution and the significance of war. Their unit culminated with a visit from fifth-grade teacher and former captain in the U.S. Army Ms. Susan Turrini, and a special project to aid a soldier currently serving overseas. Capt. Turrini shared with students some of her pictures and experiences from when she served, and spoke about the importance of teamwork. Specialist (Spc.) Armond Benton, a cousin of Ms. Thompson's husband, is stationed in Afghanistan with members of the 1-124 Infantry Battalion. In honor of his May birthday, the students in Ms. Thompson's class put together a special care package for him and his bunkmate, as well as a birthday package for him.

Included in the care package were original poems written by the students, games, candy, magazines, books, batteries, food items and toiletries, as well as a tape recording of Ms. Thompson's class singing patriotic and traditional American songs. For his special birthday surprise, the students sent Spc. Benton a 3-tiered cake of his favorite indulgent snack item, the Twinkie, as well as red, white and blue party hats, noisemakers, and decorative paper chains with jokes written on them. As a special gift, teachers in the building wrote notes of thanks to the soldier inside a copy of the book *M is for Military*, which is part of an entire scholastic book series on various social studies topics. The class put together a total of eight packages, which they sent to Spc. Benton and his bunkmate.

The Giving Tree at OMS

In conjunction with National Library Week and School Media Month, Oldfield Middle School's library staff, under the direction of Library/Media Specialist Sue McHugh, created a "Giving Tree" to support this year's theme "Communities Thrive @ Your Library." Each leaf or blossom on the Giving Tree represented either an article of clothing or a food product donated by a staff member or student. Staff and students thoroughly enjoyed watching the Giving Tree come to life, reflecting the incredible generosity of the OMS family. During the program, which ran from April 12th through May 3rd, approximately 2,000 food and new clothing items were collected. The 77 boxes of food were then delivered to the Harborfields Alliance for Community Outreach (HACO) food pantry, which serves the families of the Harborfields Central School District.

Pictured with several students are (standing L to R) Mrs. Boshnack and Mrs. McHugh, (sitting L to R) Mrs. Berghela, Mrs. Zagaja, Mrs. Amodeo, and Principal Joanne Giordano.

Primary School Poets Selected for Anthology

Twenty-eight student poets from Washington Drive Primary School were recently selected to have their poetry featured in the Anthology of Poetry by Young Americans. Established in 1989, the anthology features the most creative poems from students across the country. This year, 28 students from Dr. Fiorella Russo's reading groups had their poems selected for publication. As part of the poetry class with Dr. Fiorella Russo, students are encouraged to write poems reflecting their experiences and/or feelings, and are exposed to diverse types of poetry. Pictured are some of the students whose work was selected for publication.

Pictured are eighth-grade students with (front row, left center) English teachers Mrs. Jennifer Scott and Mrs. Kerri Smith-Brierton, Mrs. Pearl Rosen, Ben Rosen, and English teacher Ms. Cassandra Mercurio.

Holocaust Survivor Visits OMS

Eighth graders at Oldfield Middle School attended a lecture given by Pearl Rosen, Holocaust survivor and grandmother to Oldfield 8th grader Ben Rosen. For the second year in a row, Ms. Rosen spoke with students about the horrors of the Holocaust and the triumph of the human spirit as she witnessed them. Over the course of two days, she discussed her experiences and answered questions from the students.

Ms. Rosen was born and raised in Vizhnitz, Romania. After providing a brief history of Stalin and Hitler's impact on the region, their nonaggression pacts, and the invasion of Romania in 1939, Ms. Rosen detailed her experiences living and surviving in the ghetto where she and her family were forced to live. Throughout the presentation, Ms. Rosen explained how she felt lucky to have been given the opportunities which helped her survive. Finally, she emphasized how proud she felt to come and speak to the students, and encouraged them to speak up and protect one another when they see injustice.

One Spicy Challenge Raises \$2K for Cause

As part of a national "Goslabi Challenge" fundraiser to benefit the Darius Goes West Organization for Duchenne Muscular Dystrophy (MD), freshmen, sophomores, juniors, seniors and high school staff from Harborfields High School competed to raise money for the cause. Their challenge was to eat a teaspoon of Japanese wasabi, with sponsors donating money for those who completed the task. The money was raised in honor of fellow high school student Dylan Thompson, who has Duchenne's MD. The challenge received its name after a Darius Goes West video in which a student with Duchenne's MD mispronounces the word wasabi. In total, the school raised approximately \$2,000 for the organization.

A Lesson in Safe Driving

Each year before Memorial Day, the Allstate Insurance Company hosts an interactive safe driving challenge at a Long Island high school. This year, Harborfields High School students received the unique opportunity to test their driving skills in the face of modern-day distractions. Allstate trainers set up a driving course and explained to student drivers how to best avoid simulated distractions that would be thrown at them on the course. Distractions included rowdy passengers, texting on their cell phone, and potential objects in the road.

The course taught students how these everyday distractions affect their driving abilities and reinforced the importance of following safe driving practices. As a participant in the challenge, Harborfields High School received \$1,000 from Allstate, which can be used toward safe driving programs at the school next year.

Pictured are some participants in the safe driving lesson.

TJL Teacher of the Year

Alison Kraham, fifth-grade teacher at Thomas J. Lahey, has been named as the 2010 recipient of the Suffolk Section of the Science Teachers Association of NYS Elementary Teacher of the Year Award. Ms. Kraham is not only an outstanding classroom teacher, but has promoted the enhancement of science education both inside and outside of the classroom. She was honored at a special awards ceremony at the Marriott on May 20th at which time she received recognition for her remarkable contributions to science education.
