

Pouch Brigade Program

The Pouch Brigade is underway!

We are collecting empty juice pouches and sending them to *Terracycle*, a company that turns them into cool bags and pencil cases!. Not only will they be taking up less space in landfills, our school get .02 cents back for each pouch we send them!

Please send in all your empty juice pouches IN A ZIPLOC BAG and drop in box near greeters desk so we can help OUR earth and our school!

Last year the school collected over 10,000. pouches..... AMAZING!!
Thank You and we look forward to another great year!!

DRINK IT.....SAVE It.....UPCYCLE IT!

*Any questions about the program please contact
